

Sage Electcon

We are your best choice for low-volume (1-250) Electronic Contract Manufacturing
—Contact us anytime for a No-Obligation Quote or Advice

Our Key Strengths:

- Our prices are generally lower than all our competitors
- We consistently produce the highest quality assemblies
- Fast turn-around Prototypes (usually 5-15 days)
- We have a very strong First-Time Correct policy, procedures and processes
- Conformance to all applicable MIL- and IPC- Standards
- Need a NDA or MoU Signed Agreement—No Problem

Let us build your PCB Assembly

- You can get peace of mind, and first-time correct electronic assemblies.
- You will get design for manufacturing feedback.
- We provide a manufacturing report.
