

# Sage Electcon

Your Quality Partner in Electronics Construction & Consulting

## Conformance Declaration

### RoHS Declaration of Conformity

- We hereby certify that, where requested, every product manufactured by Sage Electcon, to the best of our knowledge, conform to RoHS 3 Directive (EU) 2015/863 amending Annex II of the RoHS 2 Directive 2011/65/EU, on restriction of the use of certain hazardous substances in electrical and electronic appliances.
- Sage Electcon has systems in place to ensure ongoing compliance with the RoHS Directive. These systems include: Standard operating procedures that ensure that restricted substances are not used in our manufacturing operations, requiring that our suppliers provide us with certifications, certifying that the materials they supply to us are RoHS compliant.
- Sage Electcon has taken, and continues to take, reasonable steps to provide representative and accurate information but may not have conducted destructive testing or chemical analyses on incoming materials and chemicals. Material content information may not yet be available from some of our suppliers, or the information they supply to us may be erroneous.
- To the maximum extent permitted by law, Sage Electcon shall not be liable for any indirect, special, incidental, consequential or any other exemplary damages arising out of the information provided herein or arising out of its provision of non-RoHS compliant products or materials.

The following substances named are involved:

<b>Restricted Substance:</b>	<b>Maximum Threshold Limit:</b>
• Cadmium (Cd)	100 ppm (0.01 weight %)
• Mercury (Hg)	1000 ppm (0.1 weight %)
• Hexavalent Chromium (Cr6+)	1000 ppm (0.1 weight %)
• Lead (Pb)	1000 ppm (0.1 weight %)
• Polybrominated biphenyls (PBB)	1000 ppm (0.1 weight %)
• Polybrominated diphenyl ethers (PBDE)	1000 ppm (0.1 weight %)
• Bis(2-Ethylhexyl) phthalate (DEHP)	1000 ppm (0.1 weight %)
• Benzyl butyl phthalate (BBP)	1000 ppm (0.1 weight %)
• Dibutyl phthalate (DBP)	1000 ppm (0.1 weight %)
• Diisobutyl phthalate (DIBP)	1000 ppm (0.1 weight %)
